

POLYON[®] MAP 10-47-0 SGN 310

GUARANTEED ANALYSIS

Total Nitrogen (N)* 10%
10% Ammoniacal Nitrogen

Available Phosphate (P₂O₅)* 47%

Derived from: polymer coated mono-ammonium phosphate

*The Nitrogen and phosphate materials in this product have been coated to provide 10% coated slow-release Nitrogen (N) and 47% coated slow-release soluble phosphate (P₂O₅).

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>
